Welcome to Zagreb

Welcome to Zagreb, the capital city of the Republic of Croatia. Zagreb is an old Central European city. For centuries it has been a focal point of culture and science, and now of commerce and industry as well. It lies on the intersection of important routes between the Adriatic coast and Central Europe.

When the Croatian people achieved their independence in 1991, Zagreb became a capital - a political and administrative centre for the Republic of Croatia. Zagreb is also the hub of the business, academic, cultural, artistic and sporting worlds in Croatia. Many famed scientists, artists and athletes come from the city, or work in it. Zagreb can offer its visitors the Baroque atmosphere of the Upper Town, picturesque open-air markets, diverse shopping facilities, an abundant selection of crafts and a choice vernacular cuisine. Zagreb is a city of green parks and walks, with many places to visit in the beautiful surroundings. In spite of the rapid development of the economy and transportation, it has retained its charm, and a relaxed feeling that makes it a genuinely human city.

Lake Jarun

In the southwest part of Zagreb, not far from Sava dike, there is a spacious recreational and sports centre Jarun - an oasis of peace and nature surrounded by crowds and noise. On two Jarun lakes, Big and Small there are five islands connected with bridges and around them are 2500 meters of pebble beaches. The lakes are filled with clear underground water, and the beaches have sanitary facilities and showers. There

are also rescue teams, guards and medical service onsite. Jarun's special value is the untouched nature of the Island of wilderness. There is preserved natural swamp and pond habitat, rich with land and water plants, with hundred bird species and a multitude of various fish, water animals and insects. Jarun has total surface of 235 ha and is attractive to all generations. It provides facilities for walking, bicycling, various outdoor sports, trim-track of 6500 meters of length, roller skating, etc. Sports facilities are related to impressive 2250 metres long regatta path where international and world rowing, canoe and kayak contests are held.
